§ 570.4 Allocation of funds.

(a) The determination of eligibility of units of general local government to receive entitlement grants, the entitlement amounts, the allocation of appropriated funds to States for use in non-entitlement areas, the reallocation of funds, and the allocation of appropriated funds for discretionary grants under the Secretary's Fund shall be governed by the policies and procedures described in sections 106 and 107 of the Act.

(b) The definitions in § 570.3 shall govern in applying the policies and procedures described in sections 106 and 107 of the Act.

(c) In determining eligibility for entitlement and in allocating funds under section 106 of the Act for any Federal fiscal year, HUD will recognize corporate status and geographical boundaries and the status of metropolitan areas and central cities effective as of July 1 preceding such Federal Fiscal Year, subject to the following limitations:

(1) With respect to corporate status as certified by the applicable State and available for processing by the Census Bureau as of such date;

(2) With respect to boundary changes or annexations, as are used by the Census Bureau in preparing population estimates for all general purpose governmental units and are available for processing by the Census Bureau as of such date, except that any such boundary changes or annexations which result in the population of a unit of general local government reaching or exceeding 50,000 shall be recognized for this purpose whether or not such changes are used by the Census Bureau in preparing such population estimates; and

(3) With respect to the status of Metropolitan Statistical Areas and central cities, as officially designated by the Office of Management and Budget as of such date.

(d) In determining whether a county qualifies as an urban county, and in computing entitlement amounts for urban counties, the demographic values of population, poverty, housing overcrowding, and age of housing of any Indian tribes located within the county shall be excluded. In allocating amounts to States for use in non-entitlement areas, the demographic values of population, poverty, housing overcrowding and age of housing of all Indian tribes located in all nonentitled areas shall be excluded. It is recognized that all such data on Indian tribes are not generally available from the United States Bureau of the Census and that missing portions of data will have to be estimated. In accomplishing any such estimates the Secretary may use such other related information available from reputable sources as may seem appropriate, regardless of the data's point or period of time and shall use the best judgement possible in adjusting such data to reflect the same point or period of time as the overall data from which the Indian tribes are being deducted, so that such deduction shall not create an imbalance with those overall data.

(e) Amounts remaining after closeout of a grant which are required to be returned to HUD under the provisions of § 570.509, Grant closeout procedures, shall be considered as funds available for reallocation unless the appropriation under which the funds were provided to the Department has lapsed.

Subpart B [Reserved]

Subpart C—Eligible Activities

SOURCE: 53 FR 34439, Sept. 6, 1988, unless otherwise noted.

§ 570.200 General policies.

(a) *Determination of eligibility.* An activity may be assisted in whole or in part with CDBG funds only if all of the following requirements are met:

(1) *Compliance with section 105 of the Act.* Each activity must meet the eligibility requirements of section 105 of the Act as further defined in this subpart.

(2) *Compliance with national objectives.* Grant recipients under the Entitlement and HUD-administered Small Cities programs must certify that their projected use of funds has been developed so as to give maximum feasible priority to activities which will carry out one of the national objectives of benefit to low and moderate income families or aid in the prevention or elimination of slums or blight; the projected use of funds may also include activities which the recipient certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. Consistent with the foregoing, each recipient under the Entitlement and HUD-administered Small Cities programs must ensure, and maintain evidence, that each of its activities assisted with CDBG funds meets one of the three national objectives as contained in its certification. Criteria for determining whether an activity addresses one or more of these objectives are contained at § 570.208.

(3) *Compliance with the primary objective.* The primary objective of the Act is described in section 101(c) of the Act. Consistent with this objective, Entitlement recipients and recipients of the HUD-administered Small Cities program in Hawaii must ensure that over a period of time specified in their certification not to exceed three years, not less than 70 percent of the aggregate of CDBG fund expenditures shall be for activities meeting the criteria under § 570.208(a) or § 570.208(d)(5) or (6) for benefitting low- and moderate-income persons; Insular area recipients must meet this requirement for each separate grant. The requirements for the HUD-administered Small Cities

program in New York are in § 570.420(e)(2). Additional requirements for the HUD-administered Small Cities program in Hawaii are in § 570.430(e). In determining the percentage of funds expended for such activities:

(i) Cost of administration and planning eligible under § 570.205 and § 570.206 will be assumed to benefit low and moderate income persons in the same proportion as the remainder of the CDBG funds and, accordingly shall be excluded from the calculation;

(ii) Funds deducted by HUD for repayment of urban renewal temporary loans pursuant to § 570.802(b) shall be excluded;

(iii) Funds expended for the repayment of loans guaranteed under the provisions of subpart M shall also be excluded;

(iv) Funds expended for the acquisition, new construction or rehabilitation of property for housing that qualifies under § 570.208(a)(3) shall be counted for this purpose but shall be limited to an amount determined by multiplying the total cost (including CDBG and non-CDBG costs) of the acquisition, construction or rehabilitation by the percent of units in such housing to be occupied by low and moderate income persons.

(v) Funds expended for any other activities qualifying under § 570.208(a) shall be counted for this purpose in their entirety.

(4) *Compliance with environmental review procedures.* The environmental review procedures set forth at 24 CFR part 58 must be completed for each activity (or project as defined in 24 CFR part 58), as applicable.

(5) *Cost principles.* Costs incurred, whether charged on a direct or an indirect basis, must be in conformance with OMB Circulars A-87, "Cost Principles for State, Local and Indian Tribal Governments"; A-122, "Cost Principles for Non-profit Organizations"; or A-21, "Cost Principles for Educational Institutions," as applicable.¹ All items of cost listed in Attachment B of these Circulars that require prior Federal
